

Aluminium

FINGER PULL

polytec

Available in Satin Aluminium and the new Black Anodised finish, the Aluminium Finger Pull profile features a 'J' shaped handle recessed along the edge of the door creating a streamlined handleless appearance. The Aluminium Finger Pull profile can be ordered with a matching or contrast insert to create a shadowline feature.

COVER IMAGE: Black Anodised Aluminium Finger Pull doors in MELAMINE Empire Oak Woodmatt.

Dark coloured surfaces will show fingerprints and require more care and maintenance than lighter coloured surfaces. It is recommended to test a product sample prior to colour selection. polytec swatches and samples represent a small area of the overall colour structure. To view the large colour sample, visit www.polytec.com.au.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit www.polytec.com.au.

The use of our current samples gives the colour and finish that a customer would expect to receive. Samples are provided for colour and finish selection and polytec recommend testing a sample for fingerprint resistance and ease of cleaning. polytec does not guarantee exact colour matches across product ranges due to colour variation in each product group.

Visit www.polytec.com.au for specific care and cleaning information.
